

# Announcement.

TO supply a large demand we continually have for Suits and Overcoats in price from \$12.00 to \$25.00, we have had made for this season, a large line by two of the best manufacturers, Stein-Bloch and Schloss Bros. These are two of the oldest and best known Manufacturers of high-grade clothes in this country; yet the goods of the former was never on this market before, and the latter has had only a limited introduction here. These clothes are seldom sold in small cities, but there is one thing alike in small or large places, they are always in the hands of the most responsible and reliable clothier in the city in which they are sold. For 12 years we have done the leading tailoring business of this city and our successful reputation of being high-class tailors goes with each garment that leaves our store. These are good clothes; they are well tailored else we could not afford to sell them. Since we have been in business we have dressed the best dressers in this city and you will find

our practical and mechanical knowledge of clothes to be of great assistance in aiding you to dress properly. If the trousers are a little too long, the sleeves tight or the coat hasn't the grace and style it should, we can alter it without extra cost and make it better than the Manufacturers, for we are practical mechanics ourselves. Mr. R. L. Moore will have charge of this new department and we will confine our work principally to our tailoring as before. In fact, we have the largest stock of piece goods and the largest number of tailors at work this season than any previous year; with thanks for your assistance in making us the leading tailors of this city, we are

Yours Respectfully,

**MICHAELSON BROS.,** TAILORS and CLOTHIERS.

## WON EASY VICTORY

Shipbuilders Beat Brambleton Boys Without Difficulty.

## WERE IN EXCELLENT FORM

Snappy Game Put Up by Locals, While Visitors Played Chinese Ball From Start to Finish—Big Crowd of Fans Saw Contest.

Fast play by the Shipbuilders at the proper periods accounted for their easy victory over the Brambleton nine at the Casino park yesterday afternoon. Perhaps the proximity of the end of the baseball season was the cause of the steady way in which the locals went about their work, or perhaps it was just the brace they had received from the autumn atmosphere.

At all events the Shipbuilders rubbed the noses of their adversaries in the dirt to the tune of 5 to 1 and if the 400 fans in attendance had not sent up a plea for mercy for the boys from across the Roads, perhaps the Shipbuilders would have done a little more rubbing just for the fun of the thing. The Brambleton boys played like old rusty engines, which would stand for a squirt of oil in every joint—while in contrast to their performance the locals moved like so many well-oiled machines.

"Jack" O'Hara, pitcher and second baseman, who was in the stall for the Shipbuilders, was treated to but one surprise during the day and that came when the game was not quite two sessions old. Big "Reddy" Dutton, who insisted in playing in stocking feet, smashed the sphere over the right canvas for a "home" the first, last and only tally the bunch from Brambleton could squeeze out of the contest.

In the ending of that same session the Shipbuilders bestirred themselves and tied the score. With one man gone, Foley hit down third base line and took first on bad fielding. While "Junie" Davis was wielding the stick Foley made a daring steal of second, while Davis retired to the bench on three fans. With the eager Foley prancing around the second sack John O'Hara took up a stick with which he smashed the sphere over in the left garden, and Foley trotted to the rubber. Payne then flew out, retiring the side.

The game jogged along for two more sessions with goose eggs for each team, but in the ending of the fifth the locals added another tally. Payne took first on an error, after J. O'Hara, who had preceded, had walked to first and been caught at the next sack. Ma-

loney followed with a hot grounder to short, which Mapp failed to get and Payne trotted home. The next two Shipbuilders up went out, however, retiring the side with Maloney hugging the third bag.

In the next session, Davis took revenge upon Brambleton and swatted the ball over left field fence, after which he trotted merrily around the sacks close behind Beckes, who had been hit previously and had taken second on Foley's sacrifice.

Child's play on the part of Dutton gave the locals another tally in the seventh, making their total 5. After Payne had gone out, "Billy" Maloney hit to second and Chiles allowed it to pass between his feet. Pat followed him, and Pitcher Hinchey, being over-anxious, threw the sphere before Dutton signalled and Maloney took second on the passed ball. After recovering it Dutton became angry at the inoffensive sphere and fired it to second to catch Maloney, but his aim was bad and the ball rolled out into right field, while the fleet-footed runner went to third. To help matters, Sawyer picked up the ball and hastily let it go in an attempt to catch Maloney at third, but to sphere brought up against the canvas at the gate and "Bill" came home.

In the eighth inning Beckes walked up to the rubber and slapped the ball over the right field fence. Foley and Davis, who followed, picked out four bad ones each, and walked. Twirler O'Hara helped them up a bag with a sacrifice and Payne sent them across the rubber with a pretty single to left. The next two men up went out easy. The visitors went out in one, two, three order at the finish.

## NEWPORT NEWS ACADEMY.

Bright Prospects for Session Which Begins Tuesday.

Newport News Academy will open for the fourth year's work on Tuesday morning at 9 o'clock. To accommodate the expected increase in attendance the board of managers has secured the use of another building only a few steps from the academy, which will be devoted to music and elocution.

Miss Mabel Sanford, who has for some years been teaching very successfully in Cordova, Md., has been added to the faculty in the preparatory department of the school. This addition will make this department especially strong, as it will enable the teacher to devote so much of her time to the individual needs of the pupil, the number in attendance in each room being limited to twenty.

The music department, under the direction of Prof. Alsop, has grown to such an extent that it has been found necessary to add an assistant.

The outlook for the opening is very bright and the principal expects the most successful session in the short history of the school. There will be a meeting of the teachers on Monday to arrange for the opening on Tuesday, so that the new pupils may be handled with the greatest advantage to themselves in the shortest time.

## LETTER TO J. R. BAGBY,

Newport News, Va.

Dear Sir: The usual way to buy paint is to take the lowest price by the gallon. Mistake! The buyer loses by it; how much? Depends on the paint; it is so much a gallon, or so much a year. How much a gallon or year, do you think? As much perhaps, as the total price of the paint. It may take twice the number of gallons.

N. Avery, Delhi, N. Y., owns two houses, both exactly alike. He painted one with Devco and one with another paint. Devco 6 gallons; the other 12.

Go by the name: Devco. There's nothing cheaper. Go by the price; there's nothing dearer, except not painting at all. Poor paint is better than none.

What does it cost not to paint at all? Can't figure it out exactly; say a tenth of the building a year, besides looks.

What is poor paint worth, then? Don't know and don't care; you don't want it. Go by the name.

Yours truly,  
F. W. DEVCOE & CO.

## Our Removal Sale Will Last Only Five Days Longer.

But in those five days we expect more goods to leave our store than ever before in that length of time, or even double that many days, for we have decided not to move a single article that will bring anything like its cost price.

On September 15th we will be in our new and larger quarters, 2906 Washington avenue, and as the line of goods carried by us is easily damaged, we had much rather sell them to you at a sacrifice than to run the risk.

All of our fall stock of Millinery, Ready-made Wear and Notions is included in this sale, and you will miss an excellent opportunity if you fail to attend and secure your share of the bargain.
